OAG Recommendation	Departmental Response	Planned Actions	Sector Responsible for Action/Point of Contact	Due Date/Deadline for Implementation
<p>Recommendation 12.51 Fisheries and Oceans Canada and Agriculture and Agri-Food Canada should ensure that their future food-related initiatives measure and report on their contributions toward sustainable development commitments and to gender and diversity in order to improve assessment and outcomes. (12.48 to 12.50)</p>	<p>Agreed. Fisheries and Oceans Canada will ensure that where future food-related initiatives are developed under its purview, including any new food-related initiatives developed under the department’s Blue Economy Strategy, relevant targets and indicators are developed to inform Canadians of the initiatives’ contributions to sustainability and gender-based analysis plus outcomes, as required and on the basis of applicable reporting guidance.</p>	<p>The Results Division from the Chief Financial Officer Sector, with the support of Strategic Policy, will develop guidance to assist programs in the development of targets and indicators related to sustainability and GBA+ outcomes for relevant new initiatives, including those related to food.</p> <p>This guidance will set out a process and supporting information to ensure, when relevant, that programs are demonstrating their results’ linkages to Canada’s sustainable development commitments, both in the Federal Sustainable Development Strategy and Fisheries and Oceans Canada’s Departmental Sustainable Development Strategy, as well as to GBA+.</p>	<p>Chief Financial Officer Sector</p>	<p>December 31, 2021</p>
