

Ms. Angela Crandall
Clerk of the Standing Committee on Public Accounts
Sixth Floor, 131 Queen Street
House of Commons
Ottawa, ON K1A 0A6

Dear Ms. Crandall:

I am writing further to my correspondence of May 27, 2021 in which I provided our first package on behalf of the Department of Finance in response to the motion adopted during Meeting 27 of the House of Commons Standing Committee on Public Accounts

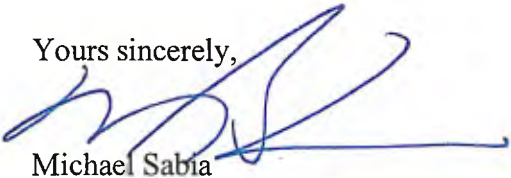

“That the committee request that the Department of Finance and the Canada Revenue Agency provide the committee with all studies, data and analysis used for the implementation of the Canada Emergency Wage Subsidy, that these documents be provided to the committee with redactions for Cabinet confidence and personal information, and that these documents be provided to the committee no later than May 27, 2021.”

In my letter of May 27, I had informed you that the Department was still processing a portion of the records in response to the Committee’s request. Our review of these remaining records is now complete and the documents are enclosed.

The Committee’s motion stipulates that Cabinet confidences and personal information are to be excluded from the package. Consistent with the motion, 1,452 pages in this package have been reviewed and contained information that constitutes a confidence of the Queen’s Privy Council for Canada identified as s. 69(1), and have therefore been redacted. A very limited number of other redactions were also applied in accordance with the principles of the *Access to Information Act*.

This completes our review of the records in response to this motion.

Yours sincerely,

Michael Sabia
